

Department of Mathematical and Physical Sciences
East West University
Assignment (Fall 2023)

Course Code: 109, Course Name: Engineering Chemistry I

Course Instructor: Dr. Joyanta Kumar Saha

- 1) How does an electron rotate in a fixed orbit?
- 2) What did you learn from atomic structure chapter?
- 3) What is chemical equilibrium? In chemical equilibrium, does the reaction continue? How can you proof your answer?
- 4) How will this course benefit you in your field?

Submission Guidelines:

- a) Submit your assignment in a written document.
- b) Clearly label each section and question number.
- c) Provide explanations where necessary.
- d) **Staple your report and submit your answer script by 12-12-2023.**
